DAVIT MAKAROVI

MANUAL QA ENGINEER

✉ davidmakarr@gmail.com   📍 Tbilisi, Georgia   📞 (+995) 574 031 319

Summary

Dedicated and detail-oriented **Manual QA Engineer** skilled in identifying bugs and ensuring functionality, usability, reliability of applications and improving product quality. With additional **Frontend Development knowledge**, I bring a unique perspective to QA testing, enabling a thorough understanding of both user experience and product integrity.

Work Experience

Manual QA Engineer, Andersen Lab, Tbilisi

December 2024 — Present

- Developed and executed detailed test cases, test plans, and test scenarios based on business requirements
- Identified, documented, and tracked software defects in collaboration with developers and stakeholders using JIRA

Junior QA Tester, Enagram.ai, Tbilisi

June 2023 — December 2024

- Working with a startup team to identify and resolve UI inconsistencies and functional issues
- Executing test cases and logging issues, gaining foundational experience in manual testing and defect management

React Developer, TBC IT Academy, Remote

March 2024 — July 2024

- 4 months TBC X USAID Acceleration Program
- Tech Stack: React.js, Next.js, Typescript, PostgreSQL, Tailwind

ReactJS Developer, GeGold, Remote

May 2023 — November 2023

- Creating reusable components in React.js along with TypeScript
- State management in Redux
- Getting, updating, and creating data with REST API
- Tech Stack: ReactJS, TypeScript, Redux, Tailwind CSS
